

Wovie Prolo

GoHighLevel & AI Automation Specialist

Butuan City, Philippines · Remote, all time zones • wovieprollo42@gmail.com • WhatsApp • LinkedIn •
wovieofficial.netlify.app

3+ years designing and building automations on GoHighLevel, Zapier, Make, and n8n, connecting the tools a business already uses so the work happens without anyone touching it. Track record of cutting manual process time by roughly 80% across freelance and property-management engagements, spanning workflow automation, AI/voice agents, and CRM systems.

CORE SKILLS

Automation Platforms

n8n, Zapier, Make, GoHighLevel

CRM & Business Tools

HubSpot, WordPress, Notion, Slack, Mailchimp, Meta

AI & Voice

ChatGPT, Claude, Claude Code, Retell AI, Gemini, HeyGen, Lovable

Data & Integration

Google Sheets, Airtable, Monday.com, API Integrations, Webhooks, Node.js, Google Workspace, Apify

EXPERIENCE

Workflow Automation Specialist

Freelance · Upwork & OnlineJobs.ph · Current

- Designed and implemented n8n and Zapier automation workflows, reducing manual processes by 80%
- Built AI chat and voice agents (OpenAI, Retell AI) for lead qualification, appointment booking, and inbound call handling
- Set up lead sourcing and enrichment pipelines with Apollo and Apify, and automated content publishing to WordPress

System Builder / Automation Expert

Press Haven Homes · Long-term Rental

- Built and ran the operational workflows behind tenant relations, lease management, and day-to-day coordination
- Standardized recurring admin processes for the CEO so nothing depended on manual follow-up

Automation Specialist

Stay Classy Homes · Short-term Rental

- Owned the guest communication and reservation pipeline end to end, from inquiry to check-out
- Coordinated maintenance, cleaning, and vendor scheduling as one repeatable process across listings

SELECTED PROJECTS

AI Chat Agent n8n · Vector Store · Webhook

n8n AI agent with vector-store memory that classifies incoming messages and routes the reply automatically, from an instant on-brand response to a flagged human escalation.

Lead Enrichment Engine n8n · Apollo · Apify

Turns a plain-language request into an Apollo search, scrapes results via Apify, and scores each lead before it reaches the outreach tool.

AI Lead Qualifier Voice Agent Retell AI · Lead Qualification

Retell AI voice receptionist that collects business info, gauges interest, and books a demo call in a single conversation.
